

“

There is no greater disability in society than the inability to see a person as more.

-Robert M. Hensel

The Developmental Disability Program at Clatsop Behavioral Healthcare provides specialized services to meet the unique needs of those experiencing intellectual and developmental disabilities.

Our program serves children and adults throughout Clatsop County, partnering with service providers and government agencies to offer the education and resources needed to help give every community member the opportunity to live well.

- Resources & Referral
- Supported Decision Making

Additional services may be available. Availability is subject to documented need and Medicaid eligibility. For a complete list, please contact the DD Eligibility Specialist at (503) 325-5722.

ELIGIBILITY

Every referral is carefully screened for eligibility according to State of Oregon guidelines. Not sure if you or a loved one qualifies for developmental disability services? Here are a few questions to get you started:

- Is the person living with an intellectual or physical impairment?
- Did physical disability first appear before age 22 or intellectual disability before age 18?
- Does the disability directly affect the brain and has continued, or is expected to continue indefinitely?
- Does the disability cause significant impairment of daily living skills (e.g., communication, grooming, safety, or social skills)?

To find out more or to see if you or your loved one qualifies for services, please call (503) 325-5722 to speak with with an Eligibility Specialist.

PROTECTIVE SERVICES

Individuals living with disabilities are at a higher risk of being a victim of abuse than those not living with disabilities, and may have difficulty finding help after the abuse has occurred.

If you suspect abuse, neglect, or financial exploitation of an adult living with disabilities, please call an Abuse Investigator at (503) 325-5722.

To report suspected abuse of a child, call DHS Child Welfare at 1-855-503-SAFE.

If you believe the situation is an emergency, immediately call 911.
