

## What is Supported Employment?

The Supported Employment Program (SEP) is a no-cost staffing service that helps businesses find and keep qualified employees reentering the workforce. Supported Employment can help you with your staffing needs by connecting you with motivated individuals eager to return to the workforce. Our Employment Specialist is an expert at matching employers across all employment sectors with qualified staff.

# Supported Employment Program

*Working toward Success*

**Did you know?** 87% of the public would prefer to give their business to companies that hire people with disabilities.\*

\*2005 National Survey of Consumer Attitudes towards Companies that Hire People with Disabilities

## Why Supported Employment?

Supported Employment aims to employ clients reentering the workforce in their home community. Employment significantly impacts overall health conditions, enables family stability, and fosters self-worth.

Supported Employment capitalizes on the strengths and abilities of the individual by matching their interest and aptitudes to the employers' specific needs and building ongoing support for successful job placement and retention.

## Benefits of Supported Employment?

- Placements tailored to your business's unique needs
- Candidates are pre-screened to ensure applicant skills match your staffing requirements
- Reduction in advertising and candidate recruitment costs - saving your business money
- Ongoing support, including on-site coaching availability, positively impacts employee placements and minimizes turnover rates
- Employees with disabilities have a retention rate of 93.6%\*
