The RAC

The Rapid Access Clinic is a voluntary walk-in service for adults (18+) providing case management, peer services, coordination to community resources, and referrals for substance use and psychiatric care. Individuals meet with a skilled staff member who will triage care, with options including meeting with a peer support specialist, a therapist, or receiving an assessment—follow-up services scheduled as appropriate.

Individuals under 18 who need an urgent appointment may visit the Child and Family Services outpatient clinic at 3194 Marine Drive in Astoria during regular business hours.

THE RAC DOES NOT PROVIDE EMERGENCY SERVICES.

If you need immediate help, or are experiencing an emergency, please seek emergency services at your local ER, or call 911. Emergencies include but are not limited to:

- Severe intoxication or acute withdrawals requiring medical treatment
- Medical issues
